SUMMARY

I am a dedicated HTML Developer with hands-on experience in building responsive and user-friendly websites using HTML5, CSS3, JavaScript, and Tailwind CSS. Skilled in front-end development, UI design, and performance optimization, I create clean, accessible, and efficient web interfaces optimized for speed, SEO, and cross-browser compatibility. With a strong eye for design and detail, I focus on delivering pixel-perfect layouts and collaborating effectively with teams to transform creative ideas into high-quality web solutions

WORK EXPERIENCE

Digital Aptech pvt.ltd   **June 2025 - Present**
